

MUHAMMED RAHEES N

Software Developer — Python Developer — Data Analytics Enthusiast

Malappuram, Kerala | 8089048581 | raheesnelliyali01@gmail.com | LinkedIn | GitHub | Portfolio

Professional Summary

BCA student with hands-on experience in Python, FastAPI, SQL, React, and Data Analytics. Completed a Python FastAPI internship at Bridgeon Technologies and developed practical software solutions including a Task Management System, E-Commerce Website, and Personal Portfolio. Skilled in API development, database management, and data visualization. Passionate about building technology-driven solutions and continuously learning emerging technologies.

Education

Safa College of Arts & Science, University of Calicut

Bachelor of Computer Applications (BCA)

Expected 2028

Current CGPA: 7.1

Experience

Bridgeon Technologies

May 2026 – June 2026

Python FastAPI Intern

Calicut, Kerala

- Developed REST APIs using FastAPI and Python for backend application workflows.
- Implemented CRUD operations and SQLite database integration for persistent data storage.
- Used Pydantic models for request validation and Swagger UI for API testing and documentation.
- Built a Task Management System with task creation, update, delete, and status tracking features.
- Collaborated on backend development tasks and followed software development best practices.

Real Build Hub

2025 – Present

Business Operations & Digital Support

Kerala

- Supported business operations, documentation, and digital visibility activities.
- Worked with Excel for invoice tracking, reporting, and business data organization.
- Assisted in maintaining business records and operational workflows.
- Contributed to digital presence initiatives and business process support activities.

Projects

Task Management System | *FastAPI, SQLite, Streamlit, Python, Pydantic*

- Developed a task management application with create, update, delete, and status tracking features.
- Implemented dashboard metrics, database persistence, and frontend-backend integration.
- Designed REST APIs and integrated SQLite database for task storage and retrieval.

Veloura Clothing E-Commerce Website | *React, FastAPI, SQLite*

- Built a full-stack clothing e-commerce website with product listings, shopping cart, and order workflow.
- Created responsive user interface and backend APIs to simulate a real-world online store experience.
- Implemented product management and order handling functionality.

Personal Portfolio Website | *React, Tailwind CSS, Vite*

- Designed and developed a responsive portfolio website to showcase projects, skills, experience, and contact links.
- Deployed the project with a professional UI, GitHub links, resume access, and mobile-friendly layout.

Technical Skills

Programming Languages: Python, JavaScript, SQL

Frontend Development: React, HTML, CSS, Tailwind CSS

Backend Development: FastAPI, REST APIs, Pydantic, Swagger UI

Databases: SQLite, SQL, Database Design, Data Management

Data Analytics: Power BI, Microsoft Excel, Data Cleaning, Data Visualization, Business Reporting

AI & Productivity Tools: ChatGPT, Google Gemini, Prompt Engineering

Developer Tools: Git, GitHub, VS Code, Postman, Vercel, Render

Core Competencies

Software Development • Backend Engineering • REST API Development • Database Design • Data Analytics • Business Intelligence • Problem Solving • Technical Documentation • Web Application Development • Continuous Learning

Certifications

- Artificial Intelligence Course (30 Hours) – TechySpot, March 2025
